

## Chlorine Dioxide

Bottle of 50 tests

Part No. 480031

---

Chlorine Dioxide Testing Strip can test for a broad range of concentrations. Accurate results are obtained in under one minute, making the chlorine dioxide test strip ideal for various industries. This patented test promises to be a very attractive alternative to wet chemical chlorine dioxide tests for several reasons. There are no hazardous chemicals to mix and MSDS is not required.

Detects:

0.5, 2, 5, 10, 25, 50, 100 ppm (mg/L)
