

Strip DPD-4

for Water Quality Testing (484104)
Tests for: Total Chlorine

**Replaces Powder Pillows,
Tablets, and Liquids!**

(US Patent Pending)

eXact[®] Strip DPD-4 offers users a new, more convenient, delivery system for DPD. With DPD eXact[®] Strip there are no more tablets to crush, powders to spill, glass ampoules to break, or dispensers that release irritating dust. All required reagents are precisely measured and impregnated on a test strip pad. Simple dip the strip into a 10ml water sample for 20 seconds with back and forth motion, remove, discard the strip, and immediately read in your chlorine meter. eXact[®]

Strip DPD-4 is compatible with a wide range of existing meters from manufacturers such as Hach[®], LaMotte[®], Orion[®], WTW[®], and others.

USEPA Compliant identifies items that, according to federal EPA requirements, are approved for reporting purposes when used correctly in the appropriate test method. State and local regulatory agencies however, often have different reporting requirements. Always check with your local governing authority to be certain that a specific item is suitable for reporting in your area.
